Please attach written evidence of the landowner's permission

Attach a file:

Project funding

* indicates a required field

I am claiming for mitigation activities: *

- That have been completed between 1 July 2022 and 1 May 2026
- That have not taken place yet

Please close this application if you are applying for works completed between 1 July 2018 and 30 June 2022.

You can still apply for grants under the previous grant guidelines by visiting this [link](#).

Lead mitigation activities for residential properties in the LAS area

What activities are you seeking funding for?

Formal reporting by a suitably qualified contaminated land consultant

- Detailed Site Investigation / Soil testing
- Remediation Action Plan

Grant funds will subsidise formal reporting by a suitably qualified contaminated land consultant up to a limit of \$5,000 in total for all reports combined

If you are claiming for formal reporting activities that have been completed, please attach a copy of the report and receipts

Attach a file:

Soil barrier maintenance (previously known as capping maintenance) - maintaining an effective barrier to minimise access to lead contaminated soil (e.g. turf, mulch, pavers, pebbles)

- Soil barrier maintenance

Grants funds will subsidise the maintenance of effective barriers between lead contaminated soil and residents/visitors to the property, up to a limit of \$1,000 per property per financial year

If you are claiming for soil barrier maintenance activities that have been completed, please attach receipts

Attach a file:

Remediation activities - Off-site disposal of contaminated soil

Lead Mitigation Grant Application Form 2026 Round 9

Form Preview
